

## **Pet import process (Thailand)**

### **Before departure**

1. Send all the required documents\* through email to [gsap\\_bkk@dld.go.th](mailto:gsap_bkk@dld.go.th) (scan the documents as pdf or jpg)
2. Call the quarantine station to confirm if your email is well received.
3. The scanned import permit is sent to you via email within 7 working days (In case of incomplete documents, more days are required)
4. Apply for an official health certificate with the authorized body of the exporting country responsible for the import and export of animals.

### **At arrival**

5. Take your pets to the animal quarantine station. In the case that Suvarnabhumi Airport is your port of entry, there are two animal quarantine stations. You must go to the station as per your pets travel options as follows;
  - Your pets travelling in the passenger cabin and coming in through the passenger terminal, please go to the animal quarantine station located near the baggage belt no.8 in the arrival hall (Tel. +66 2134 0636)
  - Your pets travelling as checked baggage and loaded at the cargo terminal, please go to International Animal Quarantine Station (AQS) located on the 1st floor, CE-1 Building, Free Zone area.

#### **\*The required documents are:**

- 1) a photocopy of pet owner's passport
- 2) an original pet vaccination record (and a pet passport, if any)
- 3) an original official health certificate\*
- 4) a photocopy of printed import permit
