E	JROPEAN	UNION	(2021/403) MODEL CER-INTRA-X						
	II. Health info	ormation							
	I, the unde	ersigned offi	cial veterinarian, hereby certify that:						
	II.1.	The cervid	id animals(1) of the consignment described in Part I meet the following requirements:						
		II.1.1.	They are identified as provided for in Article 73 or Article 74 of Commission Delegated Regulation (EU) 2019/2035.						
ion		II.1.2.	They, for at least the 30 day period prior to the departure of the consignment, or since birth, if they are younger than 30 days of age,						
fica			II.1.2.1. have been continuously resident in the establishment of origin;						
Part II: Certification			II.1.2.2. have not been in contact with kept cervid animals of a lower health status or subject to movement restrictions for animal health reasons;						
			II.1.2.3. have not been in direct or indirect contact with kept animals that have entered the Union from a third country or territory during the 30 day period prior to the departure of the animals.						
		II.1.3.	They have not shown clinical signs or symptoms of diseases listed for cervid animals during the clinical examination which was carried out, within the 24 hour period prior to departur of the consignment, on (insert date dd/mm/yyyy).						
	II.2.	According requireme	to official information, the animals described in Part I meet the following health ents:						
		II.2.1.	They do not come from establishments subject to movement restrictions affecting the species or situated in a restricted zone established for reasons of diseases listed for cervid animals.						
		II.2.2.	They come from establishments in which infection with Brucella abortus, B. melitensis and B. suis in cervid animals has not been reported during the last 42 days prior to departure.						
		II.2.3.	They come from establishments in which surveillance for infection with Mycobacterium tuberculosis complex (M. bovis, M. caprae and M. tuberculosis) has been carried out on the cervid animals kept on the establishments during at least the 12 month period prior to departure, as referred to in Article 26(1)(e) of Commission Delegated Regulation (EU) 2020/688.						
		II.2.4.	They come from establishments in which infection with rabies virus in kept terrestrial animals has not been reported during the 30 day period prior to departure.						
	(2)	□ [II.2.5.	They are moved to a Member State or zone thereof with the status free from infectious bovine rhinotracheitis/infectious pustular vulvovaginitis or with an approved eradication programme for infectious bovine rhinotracheitis/infectious pustular vulvovaginitis in bovine animals and they come from an establishment in which infectious bovine rhinotracheitis/infectious pustular vulvovaginitis in cervid animals has not been reported during the 30 day period prior to departure.]						
		II.2.6.	They come from establishments situated in an area of at least 150 km radius around those establishments in which infection with epizootic haemorrhagic disease virus has not been reported in any establishment during the last 2 years prior to departure.						
		II.2.7.	They come from establishments in which anthrax in ungulates has not been reported during the 15 day period prior to departure.						
		II.2.8.	They come from establishments in which surra (Trypanosoma evansi) has not been reported during the 30 day period prior to departure, and						
	(2)		either \circ [surra has not been reported in the establishments during the last 2 years prior to their departure.]						
	(2)		or \circ [surra has been reported during the last 2 years prior to departure, following the last outbreak the affected establishments have remained under movement restrictions until:						
			 the infected animals have been removed from the establishments, and

II. Health information the requirements laid down in Article 32(1)(a), (b) or (c) or Article 32(2) of Delegated Regulation (EU) 2020/688 and the requirements laid down in Article 33 of that Delegated Regulation are fulfilled.]]] To the best of my knowledge and as declared by the operator, the animals come from establishments where there were no abnormal mortalities with an undetermined cause.

Part II: Certification II.5.

II.4.

Arrangements are made to transport the consignment in accordance with Article 4 of Delegated Regulation (EU) 2020/688.

This certificate is valid for 10 days from the date of issuing. In the case of transport by waterway/sea of animals, the period of validity of the certificate may be extended by the duration of the journey by waterway/sea.

(2)(3)[II.6.

Since leaving their establishments of origin and before arriving to this establishment approved for assembly operations, none of the animals of the consignment has undergone more than two assembly operations, and

(2) either o [they come from their establishments of origin.]]

(2) or \circ [at least one of the animals of the consignment has undergone one assembly operation

on an approved establishment.]]

(2)or o [at least one of the animals of the consignment has undergone two assembly operations

on approved establishments.]]

Animal welfare attestation

At the time of inspection, the animals covered by this health certificate were fit to be transported in accordance with the provisions of Council Regulation (EC) No 1/2005 on the intended journey due to start on ___ (insert date).

Notes:

In accordance with the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community, and in particular Article 5(4) of the Protocol on Ireland / Northern Ireland in conjunction with Annex 2 to that Protocol, references to European Union in this certificate include the United Kingdom in respect of Northern Ireland.

This animal health certificate shall be completed according to the notes for the completion of certificates provided for in Chapter 2 of Annex I to Commission Implementing Regulation (EU) 2020/2235.

Part I:

"Place of dispatch": Indicate an establishment of the origin of the animals in the consignment or an Box establishment approved for assembly operations in accordance with Articles 97 and 99 of Regulation reference I.11: (EU) 2016/429.

Box reference I.12:

"Place of destination": Indicate an establishment of the final destination of the consignment or an establishment approved for assembly operations in accordance with Articles 97 and 99 of Regulation (EU) 2016/429.

Box reference I.17:

"Accompanying documents": In case the animals are dispatched from an establishment approved for assembly operations in the Member State of origin, the reference number(s) of the official document(s). based on which the animal health certificate for this consignment is issued in this establishment approved for assembly operations, may be indicated.

> In case the animals are dispatched from an establishment approved for assembly operations in the Member State of passage, the reference number(s) of the certificate(s), based on which the animal health certificate for this consignment is issued in this establishment approved for assembly operations, must be indicated.

Box reference I.30:

"Identification number": Indicate identification codes of the animals in the consignment identified in accordance with Article 73 or Article 74 of Delegated Regulation (EU) 2019/2035.

Part II:

- (1) There can be one or more animals in the consignment.
- (2) Delete if not applicable.
- (3) Applicable in case the consignment is dispatched from the establishment approved for assembly operations.
